## BOOK SYNOPSIS

Take a taste of a world where dragons run on gasoline, tour the world in a flying wagon, elephants have zebra stripes, students run the school, and kids do everything with their toes. Imagination Stew is a compilation of shrewd and eccentric poems with eye-popping illustrations crafted for a broad young audience from early childhood through middle school. It is a fresh approach to poetry and art for young minds. If you enjoy Shel Silversteins "Where the Sidewalk Ends," and "A Light in the Attic," you might enjoy this collection as well!
