BOOK SYNOPSIS

This latest edition of Milady's Standard Nail Technology contains new and updated information on many subjects including infection control, product chemistry, manicuring, pedicuring, electric filing, monomer liquid and polymer powder nail enhancements and UV gels. Also included is a completely new chapter, The Creative Touch, loaded with the latest nail art mediums and techniques to enhance the learner's experience. In order to make for easier implementation, select editorial content from Milady's Standard Nail Technology and Milady's Standard Cosmetology have been aligned. This new format makes this the most complete resource for students to kick off their nail technology careers. Also included are brand new photographs and art that depict nail technicians performing their work and serving their clients encompassed by more than 400 pieces of art throughout the book, including procedural art. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
