## **BOOK SYNOPSIS**

SharePoint Online from Scratch gives hands-on instructions on how to practically make use of a SharePoint tenant for an organization, or parts thereof. It is almost entirely no-code. Even if SharePoint Online from Scratch primarily is a handbook, explanations on how SharePoint works are mixed into the instructions. SharePoint Online is an ever changing platform, so the authors aim is to give a deeper understanding of how to take advantage of SharePoint at the same time as giving practical advice.
